

QUALITY POLICY

MORE SCREENS Ltd strives to be a leading company in the area of software development solutions for over-the-top solutions, continuously enhancing competitiveness in the global market. More Screens will implement these objectives by:

1. Complying the laws of BiH, the Federation of BiH and Herzegovina-Neretva Canton,
2. Developing new and applying existing advanced technologies, constantly expanding areas of expertise,
3. Understanding and meeting the aspirations of our current and future clients, constantly monitoring the clients since the success of the clients is also considered to be ours as well,
4. Building quality and long-term partnership with our clients, suppliers and partners as good cooperation is an important element for quality improvement,
5. Insuring security, pleasant work conditions and general contentment of all company employees,
6. Continually developing our facilities and training of personnel,
7. Continually investing in the latest methods of development improving market requirements and achieving the profitability in business,
8. Expanding business on new markets by carefully selection strategic partners,
9. Continually improving quality management system in accordance with ISO 9001 requirements

In achieving these quality policy objectives, we expect full cooperation and maximum contribution of all company employees.

Mostar, 14.07.2025
